 github.com/Somaiyanoori  portfolio-somaiya.vercel.app

Full-Stack Web Developer with hands-on experience building web applications, REST APIs, authentication systems, database integrations, testing workflows, and cloud deployments. Experienced with React, Next.js, TypeScript, Node.js, and Express.js, with practical knowledge of PostgreSQL, Prisma, Supabase, and Firebase. Brings a strong QA mindset to development through functional testing, API testing, debugging, and defect verification.

Professional Experience

QA Tester

11/2025 – 02/2026

- Wrote manual, integration, and system test cases and defect reports.
- Performed functional, regression, API, and E2E testing.
- Documented defects, supported debugging, and verified fixes.
- Collaborated with developers to improve application quality and release readiness.

Education

Code To Inspire (CTI)

Full-Stack Web Development and Software Development training covering frontend, React, Next.js, and backend development.

Skills

React.js, Next.js, TypeScript, JavaScript, Tailwind CSS, Framer Motion, Zustand, TanStack Query, Node.js, Express.js, REST APIs, Zod, JWT, PostgreSQL, Prisma, Supabase, Firebase, Redis, Vitest, Playwright, Jest, API Testing, Manual QA, Git, GitHub, Docker, Postman, Swagger/OpenAPI, Vercel, Render

Languages

English: Certified A

Persian (Dari)

Certificates

Certified A+ — Frontend Development
Certified A+ — React Development
Certified A+ — Next.js Development
Certified A+ — Backend Development
English Language Certification — Grade A

Projects

E-Government Citizen Services Portal

- Built a full-stack multi-role portal for Citizens, Officers, and Admins.
- Implemented authentication, CRUD workflows, audit logging, and responsive UI.
- Tech: Next.js, TypeScript, Node.js, Express, Prisma, PostgreSQL, Docker.

KaarYab Afghanistan

- Developed an opportunity platform for Afghan youth with authentication, search, filtering, bookmarks, profiles, and a CV builder.
- Built the application with a responsive interface focused on accessibility and user experience.
- Tech: Next.js, TypeScript, Tailwind CSS, Supabase, Clerk.

Taply — Backend Developer

- Developed backend APIs for design uploads and visual feedback using Firebase Auth, Firestore, and Cloudinary.
- Implemented request validation, rate limiting, and automated API testing.
- Tech: Next.js API Routes, TypeScript, Firebase, Cloudinary, Zod, Jest.

Goal Tracker

- Developed a productivity application for creating and tracking goals with forms, filters, and responsive UI.
- Tech: React, TypeScript, Node.js.

Product Store & State Architecture Demo

- Built an architecture demo comparing Redux Toolkit, TanStack Query, and Context API.
- Demonstrated different approaches to state management, server-state handling, and application architecture.
- Tech: React, TypeScript, Redux Toolkit, TanStack Query, Context API, Tailwind CSS.
